

TEJASVINI GUDADE

Software Engineer — Java Developer

+91 8421960472 — tejswinigudade2021@gmail.com — LinkedIn Profile

Professional Summary

Recent BE Computer Science graduate with strong knowledge of Java, C, C++, JDBC, Servlets, Spring Framework, Spring JDBC, SQL, MySQL, Maven, Git and Web Technologies. Experienced in developing responsive web applications, database-driven systems and REST-based applications. Skilled in problem-solving, object-oriented programming, software development and debugging. Seeking a Software Developer / Java Developer role to contribute technical expertise and continuously enhance professional skills.

Skills

- **Programming Languages:** Java, C, C++
- **Frontend Technologies:** HTML, CSS, JavaScript
- **Backend Technologies:** Core Java, JDBC, Servlets, Spring Framework, Spring JDBC
- **API Technologies:** REST API, JSON
- **Database:** SQL, MySQL, PostgreSQL, RDBMS
- **Build Tools:** Maven
- **Operating Systems:** Linux, Windows
- **Version Control:** Git, GitHub
- **Tools:** Eclipse, Spring Tool Suite (STS), VS Code

Education

Bachelor of Engineering (Computer Science)	CGPA: 7.91/10
2021 – 2025	
Higher Secondary Certificate (HSC)	77%
2020 – 2021	
Secondary School Certificate (SSC)	78%
2018 – 2019	

Experience

Web Developer Intern — A2Z IT Hub Pvt. Ltd.	6 Months
• Developed responsive web applications using HTML, CSS and JavaScript. • Worked on database integration and backend functionality. • Improved debugging, problem-solving and teamwork skills. • Collaborated with developers to maintain and enhance web applications.	

Projects

CookSmart: An Ingredient-Based Recipe Recommendation Framework

- Developed a smart recipe recommendation system that suggests meals based on available ingredients.
- Considered dietary preferences, cooking time and skill level to reduce food waste and improve cooking efficiency.
- Designed a user-friendly interface for searching, filtering and exploring recipes.
- Implemented personalized recipe recommendations using ingredient matching and user preferences.
- Utilized database management techniques to store and retrieve recipe and user preference data efficiently.
- **Technologies Used:** Java, JDBC, MySQL, HTML, CSS, JavaScript.

Placement Management System

- Developed a placement tracking system for students and recruiters.
- Implemented student registration, company management and placement record tracking.
- Designed a responsive and user-friendly interface for efficient data management.
- Developed database connectivity using JDBC and MySQL.
- **Technologies Used:** Java, Servlets, JDBC, MySQL, HTML, CSS, JavaScript.

Certifications

- Java Development Certification
- Internship Programming Certification

Key Strengths

- Object-Oriented Programming (OOP)
- Problem Solving and Debugging
- Database Management
- Team Collaboration
- Software Development Life Cycle (SDLC)
