

TEJASVINI GUDADE

Software Engineer — Java Developer

+91 8421960472 | tejswinigudade2021@gmail.com | LinkedIn Profile | GitHub

Professional Summary

Recent B.E. Computer Science graduate with knowledge of **Java, Spring Boot, Spring MVC, Spring JDBC, JDBC, Servlets, REST API, SQL, Maven, Git, HTML, CSS**. Skilled in developing backend applications, database-driven systems, MVC architecture, debugging, and object-oriented programming. Seeking a Java Developer role to contribute technical skills and develop scalable software solutions.

Technical Skills

Languages: Java

Frontend: HTML5, CSS3

Backend: Core Java, JDBC, Servlets, Spring Framework, Spring Boot, Spring MVC, Spring JDBC

API: REST API

Database: MySQL, RDBMS

Tools: Maven, Git, GitHub, Eclipse, STS, VS Code

Operating Systems: Windows

Education

Bachelor of Engineering (Computer Science)	2021 – 2025
---	-------------

CGPA: 7.91/10

Higher Secondary Certificate (HSC)	2020 – 2021
---	-------------

Percentage: 77%

Secondary School Certificate (SSC)	2018 – 2019
---	-------------

Percentage: 78%

Experience

Web Developer Intern — A2Z IT Hub Pvt. Ltd.	6 Months
--	----------

- Developed responsive web applications using HTML, CSS, and JavaScript.
- Collaborated with team members during development and testing.

Projects

CookSmart – Ingredient-Based Recipe Recommendation System

- Developed a recipe recommendation system that suggests recipes based on available ingredients.
- Implemented ingredient matching and user preference-based recommendations.
- Designed responsive UI and managed recipe data using database operations.
- **Technologies:** Java, JDBC, MySQL, HTML, CSS, JavaScript.

Smart Career Recommendation & Online Assessment System (Ongoing)

- Developing a full-stack career recommendation platform that helps students discover suitable internships and job opportunities based on their skills, interests, qualifications, and profiles.
- Implementing secure role-based authentication for Admin and Student modules using Spring MVC architecture.
- Developing REST APIs and backend modules using **Spring Boot, Spring MVC, and Spring JDBC** for student management, company management, online assessments, and recommendations.
- Implementing MySQL database integration with CRUD operations, JDBC connectivity, and session management.

Certifications

Java Development Certification — Internship Programming Certification

Key Strengths

Object-Oriented Programming (OOP) — Problem Solving — Database Management — SDLC — Team Collaboration
